- You wish to develop core leadership competencies such as High Performance Coaching, the art of Holding Courageous Conversations, Transforming Conflict into Collaboration and building a sustainable High Performance Culture through increasing Psychological Safety.
- You wish to transition from managing in the business to leading and working on your business.

PROGRAM STRUCTURE

- This program has been optimized for virtual delivery using the Zoom platform. The program begins with a ninety minute Program Launch between the Program Facilitator & the Program Participants.
- The participants will then complete some online leadership assessments which will act as a baseline for their development over the following six month leadership development journey. This is followed by a three-way coaching conversation between each participant, their manager, and the program facilitator to identify and align on the leadership skills that the participant will need to focus on and develop over the six month journey.
- The program consists of six three-hour virtual leadership development modules and after every two modules each participant will meet for individual ninety-minute executive coaching sessions with the program facilitator. The purpose of these one-to-one sessions is to support the participant to apply their learnings from the modules into their daily roles.
- Once all six modules have been completed, there will be a final three-way coaching session between the participant, their manager, and the program facilitator to ensure that the participant has developed all of the leadership skills that they set out to develop.
- Finally, the program will conclude with a Graduation Ceremony and a Report Out where each leader will be invited to share their leadership development journey with

their fellow participants and some invited guests.

Note: The program facilitator and the staff at the Mindful Leader Office will be available to provide additional support to all participants throughout the six month journey.

Note: Graduates of this Mindful Leader Program will be automatically enrolled into the Mindful Leader Academy and will have complimentary access to the resources of the academy for the entire duration of this program.

PARTICIPANT TIME COMMITMENT and PROGRAM DETAILS

Week 1	<p>Program Launch. Time Required: 90 Minute Team Meeting</p> <p>The first step in The Mindful Leader Journey is to schedule a call between the Participants and the Program Facilitators. The purpose of this call is for the facilitators to provide an overview of the program and for the participants to ask any questions that they may have.</p>
Week 2	<p>Leadership Self-Assessments Completed by each Participant. Time Required: 30 Minutes / Participant</p> <p>In week 2, the participants will be invited to complete some Pre-Work assessments to baseline their current strengths and potential stretches as senior leaders.</p>
Week 4	<p>Initial Tripartite Coaching Sessions. Time Required: 90 minutes / Participant</p> <p>In week 4 of the program, each participant and their manager will take part in an Initial Tripartite Coaching Session with the Program Facilitator. The purpose of this session is for the manager, the participant, and the program facilitator to align on the strengths and leadership gaps of the participant and to align on how the participant intends to address these leadership gaps throughout this Mindful Leader Program.</p>

ABOUT THE MINDFUL LEADER ACADEMY

The research for the Mindful Leader Academy began in 2009 and the academy was formally established in 2013. To date, the Academy has supported the development of more than 300 Senior Directors and more than 500 Senior Managers in more than 30 locations globally. The philosophy of the Academy has also been translated into Spanish, Dutch, and Chinese.

Although the leadership development philosophy of the Academy is based on solid academic research, what differentiates the academy is its focus on practical leadership skills that can be used in today's constantly changing and time challenged organizational environments.
