

# Lean Sigma & Digitalisation Conference

## Journey to Enterprise Excellence 7

**Exploiting our Experience to Predict the Future  
Shaping Ireland's Operational Excellence Trajectory**

Analog Devices Building, University of Limerick

Thursday 16th of May 2024

On the 16th May 2024 the 7th Journey to Enterprise Excellence Lean Sigma & Digitalisation ~~Conference~~ Conversation will take place in the University of Limerick in partnership with the Irish Centre for Business Excellence.

Ireland has been very successful at implementing Operational and Business Excellence models and methodologies. This year's event will be a conversation on how this vast experience can be utilised to strengthen our competitive advantage in the face of employment, sustainability and technology challenges.

The audience driven panel discussions will feature national and international industry practitioners and subject matter experts. This is your opportunity to ask questions and have them share their advice and guidance for Lean and Six Sigma implementation over the next 20+ years.

We look forward to you joining us at the University of Limerick, with Europe's leading Lean research and educational programmes, to develop your organisation's journey to enterprise excellence.

**Thursday 16th May 2024**

**8.30am - 2.30pm**

**Register to book your place: [Journey to Enterprise Excellence 7](#)**
